Strategic Planning: Minutes were approved from November.

Treasure's Report: Tom M reported that the club has netted \$1,115.09 for 2012. The club has received about \$3000 from Clark Ensz for various races since the last report. Expenses included the RunWichita party which was a huge success and dues were paid for the Road Runners Club of America membership.

Race Director Report: Clark reported that there are “more and more races coming up.”

Membership Report: Current membership stands at 305 members. Approximately 20 new members/renewals were gained at the RunWichita party in November.

Organizational Report: Super Bowl run was discussed. Date will be February 3, 2013 and chip timing will still be absent. SB run post cards going out in the next couple weeks. Tech shirts for race will be ready soon. Mark needs volunteers for race registration. Clark will bring 2 laptops and his runscore program. Greg will bring trailer. Tom will help with setup and needs help with pickup.

Charlie expressed frustration with our IT support. He asked if he could check out a local provider to explore the possibility of switching service providers for the website. The board approved spending up to \$400 to move our website to TKFast for local support. Some concern was brought up about making the switch due to the transfer over of files. Charlie said he would check on that.

Member profiles have been well received on the RW newsletter. Jon hopes to have more, but has had trouble getting consistent responses. He has a solution and hopes to have more runner profiles in the near future.

Tom S. suggested that the organization look into having a booth at the Prairie Fire Half and River Run Runner's Village.

April Reed brought up for discussion the fact that some businesses want to sponsor our website and/or events. The topic was once again tabled to be brought back up for discussion at future meetings.

Next Meeting: March 21, 2013 at the Marriott Courtyard – Old Town at 6:30PM.
